

I WOULD LIKE TO CONGRATULATE
THE SELECTION COMMITTEE
ON THEIR STELLAR SELECTION
OF REVISIONIST HISTORY TEXTS
TO TEACH OUR CHILDREN. YOU
HAVE SET A STANDARD THAT
WOULD MAKE JOSEPH STALIN
PROUD!

The upcoming revisions in
American history are
incorrect. Textbooks
should be accurate.
The American founders
credited Christian-Judeo
roots to early Puritan
settler values. Why are
the Puritans being said
to be intolerant. They came
here to practice their
religion!

MS. WILD,

I STRONGLY OPPOSE CHANGING CALIFORNIA HISTORY BOOKS, PORTRAYING RADICAL ISLAM IN A POSITIVE LIGHT. THIS IS A LIE AS ISLAM IS PUSHING SHARIA LAW WHICH IS IN VIOLATION TO THE U.S. CONSTITUTION. I AM OPPOSED TO PRESENTING GLOBAL WARMING AS MAN-MADE. THIS IS A LIE. I AM AN AMERICAN PATRIOT AND A PUBLISHED HISTORIAN. TO MISREPRESENT HISTORY IS CRIMINAL. I CANT EXPLAIN MY DISGUST AND ANGER AT YOUR ATTEMPT TO CHANGE HISTORY. WHAT IS YOUR MOTIVE TO MISLEAD THE PEOPLE?

Please be aware that rewriting history books is a tactic by the liberal left to destroy Christianity, the U.S. Constitution, as well as American exceptionalism. The objective is to destroy our freedoms & liberties & turn America, from a free Republic, into a Communist cesspool. We lost many decent Americans in Korea & Vietnam, battling Communism. Now, we have a government infiltrated and infested by Communists. Sincerely,

American founders credited our Judeo-Christian roots to early Puritan settler values, yet California requirements disparage Puritans by declaring their society "intolerant of religious dissent & diversity."

The Atlantic slave trade from Africa is cited as a European phenomenon, ignoring the perpetual, institutionalized Arab-Islamic black African slave trade that exists to this day.

Israel is incorrectly referred to as Palestine @ a time in its history when it was in fact called Judea. The Jewish people have a three-millennia history in Judea, predating Christianity & Islam.

Dear Ms. Wild,

As a native Californian who
knows the history of my country
& the history of my state. I know
the Constitution. And I understand
pretty well what is going on in
our education system. It's
called the dumbing down of
America & you very well know it!
And it's so that a select group will
all have all the power.

We are going to fight you to the
bitter end. How dare you? And
God Bless America! Carolyn Wells

Dear Lauryn Wild,

Our history is changing as taught.
Common Core is misinforming our youth.
The Islamic genocide of Northern India's
Hindus and Buddhists is ignored despite
the fact that oppressive Sharia law
and Jihad are integral to the spread of
Islam. Additionally ignored is the fact
that all of the early Caliphates and later
Islamic empires forced Christians
and Jews to convert. Be against Common
Core.

Ms. Wild - Israel will live until Christ comes as He
promised. I know you have chosen not to believe
this. Your belief does not change that, because God
determines these things. He also determined how
our marvelous planet has ~~Christ~~ so we
can live on it. The Anthropomorphic Principle
You can try to take all this away, to take
it into your own hands, but that will not change
why He did it. He knew all about you from
the decision He made to create this beautiful
place for us because He is Love.

Dear Mr Wild,

The upcoming changes in the history books in California are distorting history. These changes to be adopted May 11th-12th are distortions, untruths.

REVISING THE HISTORY BOOKS IN CALIFORNIA TO CHANGE THE FACTS OR TO DISPARAGE THE PATRIOTS WHO STEPPED UP AND DID WHAT NEEDED TO BE DONE IS AN ARROGANT MEANS TO INDOCTRINATE THE CHILDREN TO PROGRESSIVISM. PROMOTING RADICAL ISLAM IN A POSITIVE LIGHT AND PRESENTING GLOBAL WARMING AS ENTIRELY MAN MADE IS A ONE SIDED WAY TO ENSURE THAT THE ADULTS OF TOMORROW WILL NOT HAVE A CONCEPTION OF DIFFERING IDEAS.

IF IT IS TRUE THAT THOSE WHO FAIL TO LEARN HISTORY ARE DOOMED TO REPEAT IT, WHAT WOULD IT MEAN FOR THOSE WHO LEARN A FALSE HISTORY? JUST THE SAME AS NOT KNOWING IT AT ALL! THEY WILL UN-WITTINGLY REPEAT ALL THE WRONG THINGS THAT CAME BEFORE.

Dear Lauryn Wild,

It is critical that we teach history accurately. The Atlantic slave trade from Africa is cited as a European phenomenon ignoring the perpetual, institutionalized Arab Islamic black African slave trade that exists even today. We need to teach history accurately. Please be on the side of knowledge and not indoctrination of our children.

Ms WILD,
Unfortunately, the changes to the truth
of history being taught to "our" children
undermine the integrity of the USA
in the world. We have stood for
truth and aimed for knowledge in the
past. Americans were leaders in the
world to end slavery. Another example is
showing Judea on maps as Palestine.

DO NOT ADOPT NEW CA HISTORY

Lauryn - it may have escaped your attention as you & your "comission" decided what to include in the newest version of USA history. As it happens, Lauryn, the roots of our history & our constitution ~~which~~ on which our entire governmental system relies - this history has its roots in Viking laws, in Anglo-Saxon law, in the Magna Carta. It refers to the failed democratic system ^{of Americans}. It has roots in the Roman Republic and in Judeo-Christian history & values. Question, Lauryn, how are going to revise A L H these historical roots? Your friend

Dear Dr. Kirst, regarding the soon to be Revised
American History text books for educating our
public school children... please adopt factual,
historically truthful view of Islam and its
founders in black Africa have from the time of
Mohammad - well before America was founded....
they encouraged piracy, violence and enslaving
others who were then transported and sold as slave
Europe continued to pay tribute to the Muslim
leaders but America fought the Barbary Pirates
which lead to our formation of the U.S. NAVY.
We had and have an amazingly wonderful
nation that our children desire to be
told the truth.
Thank you. Dr. Jane Sutton-Brown

Dr. Michael Kirst,

Why is it that you support the misinformation being taught to our children? Israel is now incorrectly referred to as Palestine at a time in its history when it was, in fact, called Judea. The Jewish people have a three millenia history in Judea, predating Christianity and Islam. Why do you support this?

Paul Tan

Dr. Michael Kirst,

Please recognise that you are contributing to the misinformation being taught to our youth. Example:

The Civil War is required to be taught as "unpopular" in the North from beginning to end despite the North's indomitable dedication to eliminating the spread of slavery, a stance unique in world history. Why do you support this?

Paul Tan

Dear Mr. KIRST,
The word is out! We know what you
are doing to our history text books
And we are going to fight you all the
way to Hell & back.

How dare you?! You are part of
"The Group" that is trying to create
the slave nation by "dumbing down"
our children.

I'm not going to beg you not to change
our ~~text~~ books - I'm going to tell you
that this is evil & we will fight you
all the way to the end.
Carolyn Wells

Dear Carolyn Wells, Regarding the adoption of Revision
of Calif. History text... to show the unparalleled support
for the civil war in the North, one only has to read the
book Team of Rivals, where leaders state their
continuous support, even through the dark days of
the War. The majority of the population voted for
Abraham Lincoln, even though there was an anti
war sentiment. The majority wanted freedom for
slaves and gave their lives to keep America
a Nation.

I thank you for looking seriously into a truth-
ful, factual and balanced view of America
History in public school education.

Mrs. Jane Sutton-Brown

Hi Michael - As it happens my husband
& I were watching an episode of NOVA the
other night. It was very interesting. It was about
the possibility that the N. American continent was
founded by Vikings more than 1000 years before
Columbus. Why is this important to you?
Because they established colonies of large
populations in Iceland, in Greenland and in
what is now Newfoundland where they raised wheat,
grapes and other crops because the climate
was warmer than it is now. Then we had the
Little Ice Age. That is Climate Change. Don't Ban

Please keep "History" pure -

Balance opinions must be kept!

- (1) Judeo-Christian roots
 - (2) Atlantic slave trade
 - (3) Civil War -
 - (4) 9/11
 - (5) Islamic genocide
 - (6) Global warming
 - (7) Renewable energy deal - Progressivism
- 2 Here down all of
these issues - and you
are Jewitting history
out of our people. Better!

All need balanced analysis -

Dr. Krist,

So you apparently prescribe to the belief that the end justifies the means. You are presiding over the re-writing of American, Islamic, and Jewish history to correspond to the agenda of the left. Shame on you for your enabling of this deceitful and despicable process.

When you go to bed tonight and you are wondering who's side you are on, understand clearly that you are a villain.

Mr. Michael - as an educated man, you know
that the area, the nation of Israel was a part of
the province called Syria by the Ottoman Turks
until 1918 & they lost in WWI having picked the
wrong side. Then came the British Mandate, a gift
of the failed League of Nations which was given
the task to decide how part of this province
should be decided. One name they chose to use was
Palestine. This is a designation they stole from
the Roman Empire who called this area
Palestine from the ancient people - the
Phoenicians. The current use of Palestine was the
invention of Asher Araby (Excuse my spelling) We
chose it for political effect as do you & Hammer

Ms. Lauryn Wild, Chair:

History-Social Science Subject Matter, is supposed to educate our children. What you do in the textbooks really matters. If you adopt, will lead our children astray. Maybe you'll get a rush by furthering Radical Islam in a positive way. Global warming or cooling is entirely in GOD's hands and by his will. Just because you may not believe it, doesn't make this fact any less true.

So GOD is watching what you are doing. So remember the consequences, of what you do. Because he will.
